ABOUT ME

A highly self-motivated final year undergraduate pursuing a B.TECH in Computer Science and Engineering . An enthusiastic and dedicated fresher in software development. Seeking a competitive position to enhance my skills and contribute to a professional organization. Energetic and Focused fresher in Software Development, skilled in creating and styling websites and implementing interactive features.

EDUCATION

SASTRA UNIVERSITY

B.TECH Computer Science
CGPA - 7.259
2021-2025

STAR LIONS MATRIC.HR.SEC.SCHOOL

CLASS XII - HSC - 89.16%
2020-2021
CLASS X - SSLC - 86.4%
2018 - 2019

TECHNICAL SKILLS

- JAVA
- SQL PROGRAMMING
- HTML
- CSS
- INTERMEDIATE - JAVASCRIPT
- INTERMEDIATE - REACT.js

SOFT SKILLS

- PROBLEM-SOLVING
- TIME MANAGEMENT
- ADAPTABILITY
- ACTIVE LISTENING
- COLLABORATIVE
- TEAM WORK
- LEADERSHIP

PROJECTS

GRADING SYSTEM OF FRUITS AND VEGETABLES USING MACHINE LEARNING TECHNIQUES 2025-NOW

Developed a fruit and vegetable grading system using machine learning tools and MIT App Inventor. The app uses personal image input to identify diseases, estimate nutrition levels, predict expiry dates, and assign quality grades. This project helped me explore image-based classification using pre-built ML tools in a practical and user-friendly mobile application.

PREDICTIVE MODELLING OF ELECTRICITY PRICES USING MACHINE LEARNING TECHNIQUES 2024-2025

Designed a predictive model for electricity prices using historical data. Implemented and compared Linear Regression, Random Forest, and a Probabilistic model, selecting the most accurate for deployment. The model predicts electricity prices based on input features like year and other dataset attributes, supporting better energy cost forecasting.

CANTEEN CONNECT 2023-2024

Built Canteen Connect, a full-stack web application to enhance the canteen ordering experience. Designed a responsive and user-friendly frontend using HTML, CSS, and JavaScript, and implemented backend functionality with the MERN stack to support menu browsing and order placement.

PERSONAL PORTFOLIO 2023-2024

Created a personal portfolio website using HTML, CSS, and JavaScript to showcase my skills, projects, and achievements. The site features a modern design with a responsive layout and interactive elements, serving as my digital resume.

LANGUAGES

- ENGLISH
- TAMIL
- BASIC - HINDI

ADDITIONAL

- Vebox Software Solutions Certified for WebDevelopment Intern (offline).
- CognoRise infoTech certified for WebDevelopment Intern (online).
- Code Alpha certified for Java Intern (online).
- Interne certified for WebDevelopMent Intern (online).

ACHIEVEMENT

- Secured top 3 finishes in Inter-Collegiate chess tournaments .
- Team winner of Sastra Deemed University's Annual Chess Tournament in 2021 and 2024.

DECLARATION

I hereby declare that the above-mentioned details are true to the best of my knowledge and belief.
